Customer Agreement:

My signature indicates consent to an agreement with all program terms and conditions. It certifies that all information in the application is correct and that all the listed new equipment has been purchased, installed, and is operating at the indicated location. I understand that my utility company reserves the right to inspect and verify installation before and after issuing payment.

Customer Signature: _____
Date: _____

General Terms and Conditions

Proof of Purchase Required: Contractor Installed - Must provide contractor invoice which includes product type, quantity, brand, model number and installation date.

Retail Purchases: Must provide receipt and/or product cutouts which identify product type, quantity, brand, model, purchase date and ENERGY STAR.

Limit to one appliance type per dwelling unit per year.

Applicant must be a current customer of Lamoni Municipal Utilities (LMU).

Lamoni Municipal Utilities must provide the primary fuel for which the rebate is being offered.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number, and date of purchase of the energy efficient measures.

LMU reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: LMU makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship, or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: LMU's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall LMU be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the LMU. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: LMU reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with LMU to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within three (3) months of the purchase date (as shown on the Customer's invoice) and are subject to the current year program offer if received after January 31st. Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
